**Completed Project Description:**

We organized a field trip for 4<sup>th</sup> and 5<sup>th</sup> grade students and their families to the Houston Museum of Natural Science in Sugar Land. The purpose of this field trip was to increase awareness of available science resources in the community, encourage family participation, and provide a group science enrichment activity to promote and increase interest in science. To plan this event, we coordinated with the museum, elementary school sponsors and principals, and parents. Over 150 guests attended the event, and with the help of more than 20 high school SciNOW Club members we were able to ensure the event ran smoothly. Field trip activities included lectures from Fort Bend Astronomy Club speakers who gave presentations about the Milky Way and the New Horizons mission to Pluto, a new show named Accidental Astronauts in the planetarium, and a general museum tour guided by SciNow members that was supplemented by a hands-on station with specimens of wildlife from the wildlife touch cart the museum owns. The students enjoyed the events very much and asked several interesting questions. The entire event lasted from 9:00 AM to 1:00 PM.

Thank you for taking the time to supervise students from Dulles High School National Honor Society as they complete their Individual Service Project (ISP). In the space provided, please write a summary of the work completed for their ISP. Feel free to give this form back to the students or you may fax or mail to addresses below. Thank you so much for your time.

Date: April 13<sup>th</sup>, 2015

Dulles High School students Aman Patel, Benjamin Liu and Eric Shen organized this field trip event at the Houston Museum of Natural Science in Sugar Land on April 4<sup>th</sup>, 2015. They organized various activities such as talks from guest speakers, exploration of the wildlife touch cart, a new show in the planetarium, and a tour of the museum. They spent several hours planning for the event and it was well executed from 9:00 AM to 1:00 PM. The students and their families were engaged throughout the event.
